

NCRD's STERLING INSTITUTE OF PHARMACY, Nerul, Navi Mumbai
**RECORD OF ALLOTMENT OF STUDENTS TO TEACHING
 FACULTY MEMBERS UNDER MENTORING SYSTEM**

The college has a mentorship system for all the students of B. Pharmacy. All the faculty members are mentors for 18-20 mentees. The purpose of the mentorship is to gear the students to meet the program education objectives; thereby the vision of the institute is accomplished. The curriculum time table designed for each semester includes weekly slot for this interaction.

Functioning of Mentoring System:

1. Teaching: The mentors guide respective mentees about the syllabus and discuss any difficulty with respect to the curriculum, thereby help them in course work and lab specific difficulties.
2. Enlightenment: The mentors identify the strengths of their mentees and advise them accordingly. This sort of guidance is helpful for their all round development.
3. Encouraging: Mentors help their mentees by seeing their positive side, thereby supporting and encouraging the career advancement of their mentees.
4. Counseling: Counseling is the important function of mentoring. Mentees need sound advice regarding professional conduct and the culture of the Institute and Community.
5. Befriending: The fifth function of mentoring is befriending. Mentees need someone to whom they can speak freely.
